E. H. POLLARD, Esq. The Behome of a Local Bank for this Colony with Branches at the most important places in China, has been in contemplation for a very long period.

The local and foreign trade in Hongkong and at the open ports in China and Japan has increased so rapidly within the last few years that additional Banking facilities are felt to be required. The Banks now in China being only branches of Corporations whose head quarters are in England or India, and which were formed chiefly

The Establishment of a Mint in Hongkong, providing an adequate supply of proper currency, mings &c., &c., will render a local Banking medium essential to carry out its operations, and the almost certain

disappearance of the existing Compradoric system (so far as money is concerned) will also ensure Banks becoming in course of time the exclusive The above named corporation has been organized with trade.

Hongkong, 16th November, 1861. PENINSULAR & ORIENTAL STEAM NAVIGATION COMPANY: NOTION OF REDUCTION OF PASS-AGE MONEY.

TN the year 1857 the Directors made a considerable reduction in the Company's rates of Passage Money, which continued in force till 1861. In that year, owing to the extraordinary rise in the Cost and Freight of Coals, and the enhanced price of all descriptions of Naval Stores, the Directors were reluctantly compelled to return to the rates of Passage Money previously in force.
They are now happy to state that a decrease in
the price of Coal and other expenses of Steam Navigation enables them to reduce the Company's Passage rates to the undernoted scale, which will take effect from and after the 1st June next, viz:-
